

# DH/DHC Spot LED Machine Lamp

Made  
In  
Taiwan

Patent

New Type M 327965  
Invention I 330239

## Features

### Light Source

1. COB :
  - ◆ With COB technology, small size chip, heat transfer quickly. High power factor and lumen, it provides a great effective illumination.
  - ◆ 6 leds module design, the color rendering is prosperous.
2. 6 LEDs :
  - ◆ 80% energy saving.
  - ◆ Impervious to vibration.

### Construction

- ◆ Lamp head with two shades for fast heat dissipation that maintains constantly low temperature and gives extensive bulb service life.
- ◆ Resistant to water, collants and lubricants.
- ◆ Aluminum alloy with anode treated of lamp head and arms; elbow and base are made of engineering plastic that creates a durable lamp.

## Model / Specification

### DH Series- 6 LED Module / Power 12W

( hole spacing 45mm)

型號			
電壓	電壓	電壓	臂長
12V AC/DC	24V AC/DC	AC100V~240V	L1*L2(mm)
DHN-12	DHN-24	-	-
DH21-12	DH21-24	DH21-X	240*220
DH22-12	DH22-24	DH22-X	240*280
DH23-12	DH23-24	DH23-X	240*380
DH35-12	DH35-24	DH35-X	320*490
DH45-12	DH45-24	DH45-X	420*490

### DHC Series- 6 LED Module / Power 12W

( hole spacing 57mm)
